

## Apple seed bracelet

### Materials:

a lot of apple seeds, sewing needle, nylon thread, and possibly beads and a thimble

### 01 step:

To make this bracelet, you have to collect a lot of apple seeds. You'll be able to do this more quickly if you persuade your mum to bake an apple cake.

### 02 step:

Now tie a knot in one end of the thread and pass it through the eye..

### 03 step:

Now thread the seeds through and knot the thread again when you have used up all the seeds or when the bracelet is long enough.
