

My halloween ghost

Materials:

1 white napkin or a square piece of material, some cotton wool, 1 black felt tip pen, needle and thread

01 step:

Put a ball of cotton wool in the middle of the napkin and tie it up with the thread. Now draw the face on. The ghost has already got a head.

02 step:

To make your ghost's hands, pinch the corners of two opposite ends a few centimetres from the edge and tie them up 1cm from the edge.

03 step:

All you need now is a hanger which you can easily make with the help of an adult using a needle and thread. Have fun!
